Dear Daniel →

Just a note to "Thank you,"
for all the work you did with our
mortgage.

As you know 2007, was
an awful year for us. Our son
was murdered, and we had to
pay for his funeral expenses. Then,
my husband suffered his third
heart attack, which inhibited
his ability to work. With him
being self-employed our income
was almost zero for several months.
That's when Option One filed
foreclosure on our home. We
have lived in this house for
almost ten years, so needless
to say, we were heart-broken.

However, you came into
our life like a gentle light-of-
hope. With your work and cord
start re-assurance things begin
to work out. But just when we
thought everything was going to be

Alright Option One sold-out to
Another Mortgage Company. Again
Our hearts sank because this
meant you would have to start
all over, which you did. To
our amazement, you not only
got our mortgage modified, our
interest rate dropped to 5%, and
our monthly payment dropped
\$1000.⁰⁰ per month.

So it is with sincere gratitude
and heartfelt thanks we send this
note. Thank you Daniel, for
all of your hardwork and com-
passion. We sincerely appreciate
you saving our home.
Wishing you continued
success.

All Our Best

Jerry & Rita
